

VOICE RECORDING PERMISSION FORM

University of Cincinnati IT Expo | Princeton High School | 2025–2026

Project Overview

The student named below is a Princeton High School student who has developed a **Voice Recorder application** as part of their University of Cincinnati IT Expo project. The application captures voice audio, generates a live transcription, and uploads the recording for processing, where it is then automatically generated into notes, assignments, and schedules. All recordings are deleted after processing and transcription are complete.

To demonstrate the application for the UC IT Expo, the student requires consent to record short voice samples from participating teachers. Recordings will be used **solely for project demonstration and testing purposes** and will not be shared publicly or used for any other purpose.

What You Are Consenting To

By signing below, you expressly consent to having your voice recorded using the Voice Recorder application at **any time between the date of your signature and the last day of the 2025–2026 school year**. This consent covers both the audio recording and any transcribed text generated from your voice. You may decline a recording session at any moment, even after having previously signed this form. This consent covers:

- Live demonstration of voice capture and real-time transcription during the IT Expo
- Pre-Expo testing to verify audio quality and transcription accuracy
- In-school and classroom recordings conducted as part of project development
- Any additional recordings needed to support the project prior to the IT Expo

All recordings are deleted after processing and transcription are complete. You may withdraw this consent at any time by notifying the student in writing.

Teacher Authorizations

Please print your name, your subject/period, and sign in the space provided. This form is valid through the last day of the 2025–2026 school year only.

#	Teacher Name (Print)	Subject / Period	Signature	Date Signed
